

DUAL ENROLLMENT

LCS is proud to offer dual enrollment opportunities to juniors and seniors in partnership with both Bryan College and MTSU. This initiative allows high school students to simultaneously earn college credits while completing their high school education.

Dual enrollment is crucial for several reasons. Not only does it provide students with a head start on their college journey, but it saves them time and money in the long run. By tackling college-level coursework early, students can potentially graduate from college sooner and with reduced tuition costs.

We believe dual enrollment also offers a glimpse into the demands of higher education, helping students make informed decisions about their future academic and career paths. It fosters a sense of responsibility and time management, skills that are invaluable in college and beyond.

By partnering with reputable institutions like Bryan College and MTSU, we strive to ensure that students receive a quality education and access to a broader range of courses. This enriches their academic experience and opens doors to diverse career opportunities.

Our continued hope is that LCS's dual enrollment program with Bryan College and MTSU empowers students to excel academically, financially, and personally, setting them on a path to a successful and fulfilling future.
